P7 PREMIUM SERIES

PIKENZ

PZ PREMIUM SERIES

WHEN BEAUTY MEETS TECHNOLOGY

The PZ series is the result of an advanced scientific research and a selection of innovative active principles for the everyday beauty routine.

A unique skin care line that stands out for its products, unique formulations and prestigious packaging materials.

The products, with the exclusive Textureenhancing™ system, functional and suitable for all skin types, are aimed at an advanced and sophisticated target with demanding standards. The functional and effective formulations are free of colorants and the texture is based on a sensorial cream-gel, fresh to the touch, rich and at the same time easily absorbed.

The packaging materials combine the Indian silk and mother-of-pearl from Bali with the craftsmanship of the varnished glass for the jars.

The elegance and refinement of the design alternate light and dark shades, full colors and transparencies.

The result is a smoother and radiant complexion, a reduction in fine lines and irregular pigmentation, cellular regeneration and global rejuvenation of the skin.

A large, stylized graphic of the letters 'PZ' in a bold, serif font. The 'P' is white and the 'Z' is black, both set against a white background. The 'Z' has a distinctive wavy tail that extends downwards and to the right. The graphic is positioned on the right side of the page, partially overlapping the white background.

02 TREATING MICROEXFOLIATING MINERAL MOUSSE

PRODUCT

Soft exfoliating emulsion that delicately removes dead cells and impurities, stimulating the renewal of cutaneous tissues. Microfine fragments of quartz minimise imperfections, ensuring the skin receives an effective recompacting action.

Active ingredients of vegetable origin, with exceptional emollient properties and which combat free radicals, give your face a firming and glowing appearance.

ACTIVE INGREDIENTS

Miracare SLB
Shea Butter
Wheat Germ Oil

cleanser from natural origin
emollient, protective
nourishing, increases vitamins, emollient,
restoring, eudermic.

RESULTS

Deeply cleansed, smooth and glowing skin. The skin's grain is refined, with flesh tones that are homogeneous and velvety.

SKIN TYPE

Suitable for all skin types. Its extremely gentle formula means it is indicated for daily use.

HOW TO USE

Massage on the face after cleansing, with circular movements, starting from the centre of the chin and rising up to cover the cheeks, nose, and forehead. remove with moistened sponges, or with plenty of water.

PACKAGING

Tube with box 125 ml - Ref. 11070240

DERMATOLOGICALLY TESTED

03 TOTAL 24h SUPREME TEXTURENHANCING CREAM

PRODUCT

Creamy gel, silky and soft to the touch, rapidly absorbed, with an immediate recompacting effect. Thanks to the innovative **Textureenhancing™ System**, this 24 hours cream acts on the epidermic structure, perfecting the flesh tone. It improves the cellular barrier, increases the skin's elasticity and protects its structure, by making the epidermis more reactive to environmental stresses. Rich in dermo-affine substances and in anti-ageing active ingredients, this gel brings essential principles to bear to act on and reintegrate the skin's physiological functionality and equilibrium, as well as providing an effective free-radical defence from UV rays. PEG& mineral oils free.

TEXTURENHANCING™ SYSTEM

Combines the action of the Hyaluronic Filling Spheres with the Perfection Peptide P3. The Hyaluronic Filling Spheres are microspheres that, penetrating in various layers of the skin, increase the volume of the micro-surface up to 30 times.

Perfection Peptide P3 is a tripeptide which, by acting as a biomimetic peeling, stimulates the process of cellular renewal.

ACTIVE INGREDIENTS

Miracare SLB	improves the cellular barrier, increases elasticity and moisturisation, protects the skin's structure
Jojoba Oil	emollient, elasticising
Shea Butter	nourishing, elasticising, protective
Vitis Vinifera Grape Seed Oil	anti-ageing
Lipopeptide	firming, stimulates production of collagen and glycosaminoglycans
Tripeptide	stimulates the exfoliation process, acting as a biomimetic peeling agent
Ceramides	nourishing, essential substances for good cohesion of the epidermis
Cramides Seed Oli	antioxidant, protective

RESULTS

Smooth, relaxed, more elastic, toned, brighter and silky skin. The oval of the face is firmed and its lines redrawn.

SKIN TYPE

Suitable for all skin types: as a preventive tretment cycle for younger skins, and as a daily treatment for more mature skins.

HOW TO USE

In the morning and /or night apply to the face, neck and décolleté with light movements until completely absorbed.

PACKAGING

Jar 50 with pearl applicator. Case - Ref. 11070320

DERMATOLOGICALLY TESTED

04 TOTALENHANCING DAY CREAM SPF15

PRODUCT

Active day cream, deeply hydrates and helps the skin resisting the signs of aging. A pool of high-performing active substances give to this soft, rich emulsion the force of an enhanced anti-ageing treatment, which strengthens the cutaneous shield and stimulates the principal functions responsible for maintaining a radiant and healthy look.

Its formula stimulates the renewal and preservation of cutaneous hydration, as well as the production of collagen, the principal ingredient responsible for elasticity and density. Contains solar filters (SPF 15) to ensure sun protection all day long.

ACTIVE INGREDIENTS

Inca Oil

improves the cellular barrier, increases elasticity and moisturisation, protects the skin's structure

Red Tocol

antioxidant, protective

Matrixyl

anti-wrinkle, promotes collagen production

Shea Butter

emolient, protective

RESULTS

Skin that is more toned and elastic. The face oval is remodelled, and the epidermis is homogeneous and firm.

SKIN TYPE

Suitable for all skin types: as a preventive treatment cycle for younger skins, and as a daily treatment for more mature skins.

HOW TO USE

In the morning apply to the face, neck and décolleté with light movements until completely absorbed.

PACKAGING

Jar 50 ml with pearl applicator. Case - Ref. 110700420

07 **TOTAL ENHANCING SUPREME EYE BALM**

PRODUCT

An intensive treatment for the area around the eyes in a cool-textured gel-cream. Its protective, anti-ageing formula, rich in active substances with restoring, rebalancing and emollient properties, encourages the relaxation of thin wrinkles and the reduction of laughter lines and signs of tiredness. A multi-vitamin complex stimulates vitality and cellular renewal, while protecting the skin from the aggressive effects of atmospheric agents.

ACTIVE INGREDIENTS

Hyaluroni Acid	moisturising
Pantenol (provitamin B5)	keep the skin soft and elastic, stimulates the cellular metabolism
Oryza Sativa Bran Oil	softening, restoring
Vitamin E	antioxidant
Vitamin A	protective, anti-ageing
Syn-ake	smoothing and anti-wrinkle

RESULTS

The area around the eyes is nourished, moisturised, toned and relaxed.

SKIN TYPE

Suitable for all skin types: as a preventive treatment cycle for younger skins, and as a daily treatment for more mature skins.

HOW TO USE

In the morning and at night dab delicately on the eye contour area (well cleansed), beginning from the inside corner of the eyes and working outwards until you reach the temples.

PACKAGING

Airless Bottle 15 ml. Case - Ref. 11070510
